

Direct connection fitting for supported Koolance VID coolers (VID-280/282/290, etc.) in series or parallel. CNT-VD2 is for SLI or CrossFire setups that span three card slots (one in between is bypassed). Koolance VID water blocks occupy the same slot as the video card.

G 1/4 BSPP threading, nickel-plated brass with compression fittings and gaskets. Will work with any hose diameter going in and out of the Koolance video coolers.
