P/N: CPU-305-V06

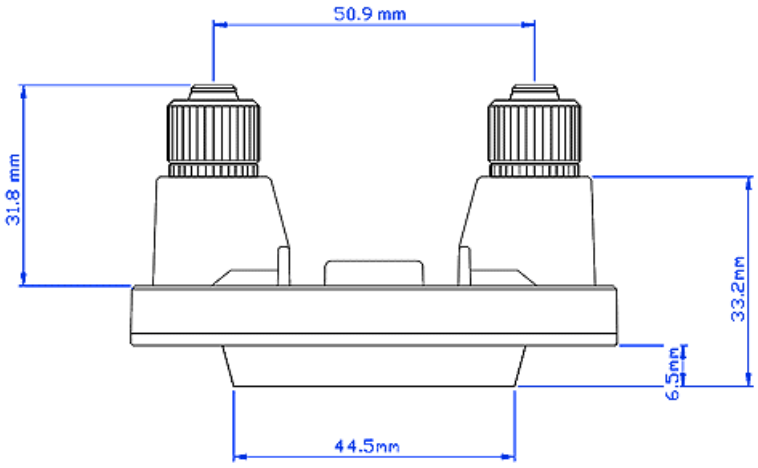

CPU-305-V06 Water Block (AMD/Intel Processor) [06mm, 1/4in]

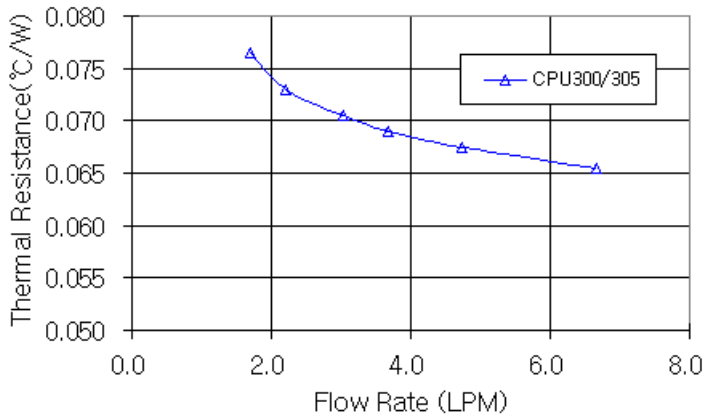

The CPU-305 uses a patented Koolance design. It supports identical processors to the CPU-300, plus Xeon 771, but includes different brackets. With slightly increased height, it will mount to Intel LGA775 processors (Quad, Core 2 Duo, Core Duo, Extreme, Pentium) without the Koolance spacer. The CPU-305 cooler also includes mounting brackets for: AMD (64, Opteron, X2, FX, Sempron), and Intel 478 (Pentium 4, D, EE, M, Celeron) processors. Adapters for Xeon (603, 604, 771), Celeron, P-III, Duron, and AMD XP are sold separately; see compatibility for details.
