

HD-40-L06 Water Block (Hard Drive) [06mm, 1/4in]

The HD-40-L06 is shorter in length than earlier coolers, with angled fittings for compatibility with most side-mounted hard drives bays (such as the Koolance PC3-720, PC3-420, and PC3-410).

Made of anodized aluminum, the hard drive liquid cooler captures heat from the spindle motor and printed circuit boards of IDE, SCSI, and SATA drives. A unique thermal gap filler keeps a flush contact with the device.

Intended Tubing Size

ID: 6mm (1/4")

OD: 10mm (3/8")

Wall: 2mm (5/64")

General	
Weight	1.14 lb (0.52 kg)
