

HX-CU1080 is the copper core and brass heat exchanger used in the Koolance ERM-3K3UC cooling system, designed for 9 x 120mm fans. This version is enclosed in a steel frame with identical M4 threaded holes on both sides for mounting and fans. G 1/4in BSPP inlet and outlet, 388x437x34mm, 3.2kg (7lbs). Enough BLT-HX025 hardware is included to mount all nine fans. NOTE: Hose barbs are recommended for this product to avoid conflict from one of the fitting sockets. 2 x 700mL bottles of coolant is recommended for this system.
