P/N: VID-290

VID-290 Water Block (AMD Radeon HD 2900 XT/PRO Video Card)

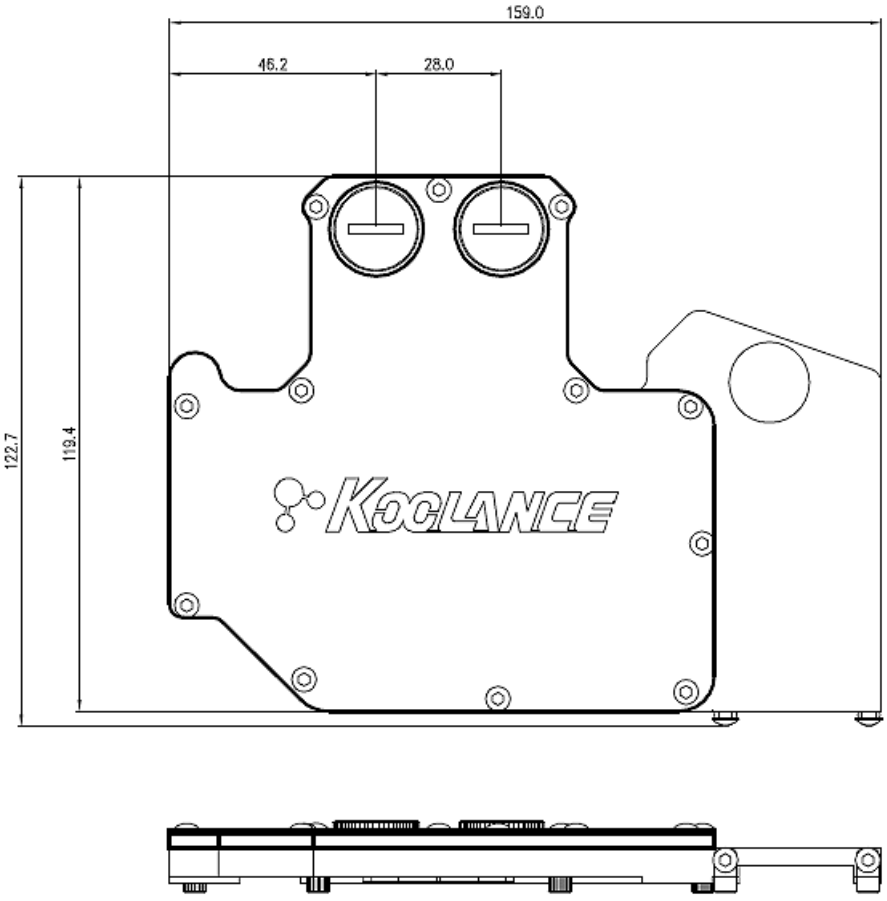

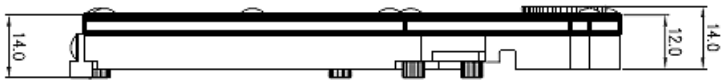

The new Koolance VID-290 is a combined GPU and memory cooler for high-end video cooling of Radeon HD 2900 XT and HD 2900 PRO in single or multi video configurations. It combines a full gold-plated solid copper cooler which targets all primary heat-producing regions of the 2900 XT/PRO (including the voltage regulators).

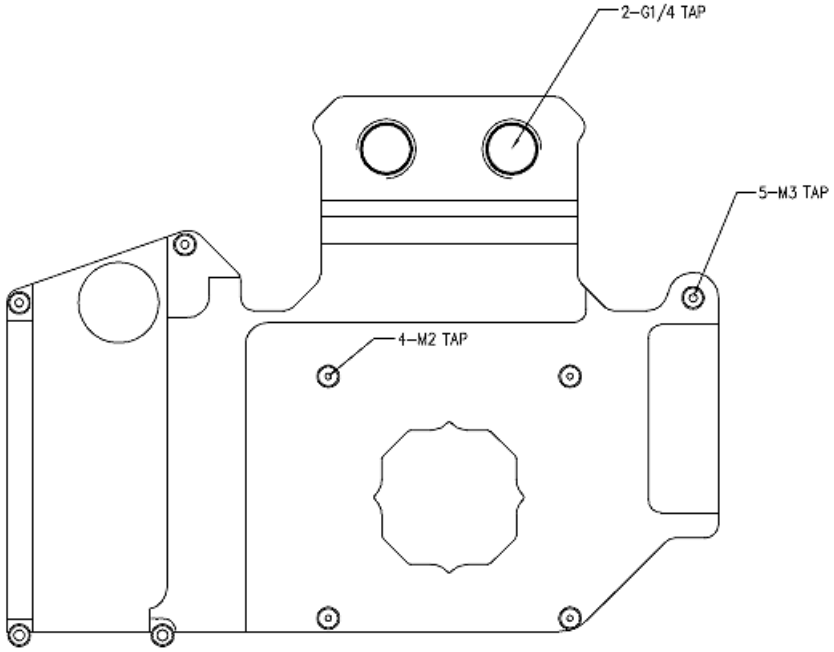

Fitting threading is standard G 1/4 BSPP. For multiple card configurations, video connectors are also available.

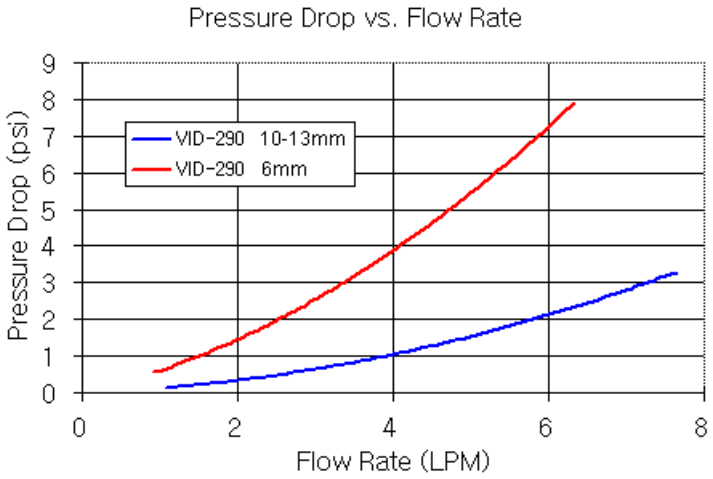

NOTE: This product is based on the original reference board layout. It will not fit video cards which have been changed from the original AMD or NVIDIA reference spec.
