P/N: VID-AR587

VID-AR587 Water Block (AMD Radeon HD 5870/5850 Video Card), Rev.2.0

The Koolance VID-AR587 is a combined GPU and memory block for high-end water cooling of ATI Radeon HD 5870 and HD 5850 video cards in single or multi video configurations. It combines a full nickel-plated solid copper cooler which targets all primary heat-producing regions of the HD 5870/5850 (including the voltage regulators). An acrylic lid allows coolant visibility under the logo.

Fitting threading is standard G 1/4 BSPP. For multiple card configurations, video connectors are also available.

NOTE: This product is based on the original reference board layout. It will not fit video cards which have been changed from the original AMD or NVIDIA reference spec.

General	
Weight	2.00 lb (0.91 kg)
Wetted Materials	Nickel-Plated Copper, Nickel-Plated Brass, Stainless Steel, PMMA Acrylic, Silicone
