P/N: VID-NX285

VID-NX285 Water Block (NVIDIA GeForce GTX 285 Video Card)

The new Koolance VID-NX285 is a combined GPU and memory cooler for high-end video cooling of NVIDIA GeForce GTX 285 1GB cards in single or multi video configurations. It combines a full nickel-plated solid copper cooler which targets all primary heat-producing regions of the GTX 285 (including the voltage regulators). An acrylic lid allows coolant visibility under the logo.

Fitting threading is standard G 1/4 BSPP. For multiple card configurations, video connectors are also available.

NOTE: This product is based on the original reference board layout. It will not fit video cards which have been changed from the original AMD or NVIDIA reference spec.

General	
Weight	2.00 lb (0.91 kg)
Wetted Materials	Nickel-Plated Copper, Nickel-Plated Brass, PMMA Acrylic, Silicone
