P/N: VID-NX590

VID-NX590 Water Block (NVIDIA GeForce GTX 590 Video Card), Rev.1.1

The Koolance VID-NX590 is a full coverage video block for water cooling NVIDIA GeForce GTX 590 cards in single and multi video card configurations. It utilizes a high-performance microfin (0.5mm) design made of solid copper with anti-corrosive nickel plating.

Fitting threading is standard G 1/4 BSPP. For multiple card configurations, video <u>connectors</u> are also available.

NOTE: This product is based on the original reference board layout. It will not fit video cards which have been changed from the original AMD or NVIDIA reference spec.
