VID-NXTTNX Water Block (NVIDIA GeForce GTX 980 Ti, GTX TITAN X Video Card)

The Koolance VID-NXTTNX is a full coverage video block for water cooling NVIDIA reference GeForce GTX 980 Ti and GTX TITAN X cards in single and multi video card configurations. It utilizes a high-performance microfin (0.5mm) design made of solid copper with anti-corrosive nickel plating. Thermal interface material and mounting hardware are included. Tube fitting threads are G 1/4 BSPP.

An optional full coverage back plate is also available for this water block. For multiple card configurations, video connectors are available.

NOTE: This product is based on the original reference board layout. It will not fit video cards which have been changed from the original AMD or NVIDIA reference spec.
