

Koolance video bridge connectors link multiple video water blocks together with ease. Flow can be directed in series or parallel. CNT-VDB1 is for combining two (dual L-bracket) video blocks which are in consecutive PCI-Express slots. This product is only compatible with Koolance VID-series water blocks which have detachable fitting bases (launched in 2013 or later).

NOTE: Hose barbs are recommended for 10mm (3/8in) and 13mm (1/2in) ID tubing sizes to avoid conflicting with the water block or video card.

| General | |
|--------------------------------|--------------------|
| Weight | 0.44 lb (0.20 kg) |
| Fitting Thread | G 1/4 BSPP |
| Max Pressure Tolerance @ 25° C | 2kgf/cm2 (28.5psi) |
| Max Temperature Tolerance | 80° C (176° F) |

* Dual Serial * Dual Parallel
