

VL3N Quick Disconnect No-Spill Coupling, Pair w/ L-Bracket for ID 13mm (1/2in)

Koolance quick disconnect no-spill couplings with L-bracket. Fittings feature hose barbs on the inside for ID 13mm (1/2in) tubing and VL3N male fittings on the outside (for connection with female VL3N). The quick-disconnects enable the convenient connection and disconnection of external devices such as a Koolance Exos. The fittings are nickel-plated brass.

NOTE: Installing this product into a PCI slot can require bending or filing of the surrounding metal slot dividers. 14.5mm in height is required for each fitting.
