

The VR-AS39 is a cooler for ASUS motherboard MOSFET-based voltage regulator circuits. It works with the 75mm (3") mounting hole distance. The VR-AS39 is created from solid copper and plated in gold. G 1/4 BSPP fitting threading.

Verified ASUS boards:

- M2N32-SLI (Uses 1 x VR-AS40 and 1 x VR-AS39)

General	
Weight	0.60 lb (0.27 kg)
Wetted Materials	Gold-Plated Copper
